

Regenesis announces our Essential 90+ Multi-Vitamin and Mineral Oral Spray. Essential 90+ spray was specifically designed to enhance the effectiveness of our Somatropin Rejuvenation Oral Spray with essential vitamins, minerals and essential fatty acids along with aloe vera and other nutrients.

With our special oral delivery system you can now have the full potential of near 90% absorption as compared to a reported maximum of 15% with vitamin pills. This means you are receiving at least 6 times the effectiveness of conventional vitamin and mineral products when using Essential 90+.

Regenesis Essential 90+ is sprayed twice a day, three in the morning and three in the evening near mealtime.

% ABSORBED into the bloodstream - As illustrated in the PDR (Physicians Desk Reference)

Formulated with a pleasant taste, Essential 90+ absorbs quickly in the mouth, simply spray and go!

The advertisement features a vertical banner with a sunset background. A tall palm tree silhouette is on the left. In the foreground, silhouettes of a person running and two people standing are visible against the bright sun. The text 'REGENESIS' is at the top in a serif font, followed by 'Essential 90+' in a large, stylized font. At the bottom, the text 'Complete Nutrients In an easy to take Oral Spray' is written in a white sans-serif font.

\* Oral ingestion by Spray has been shown to be up to 9 times more effective than swallowing pills or capsules, due to superior bio-availability and absorption. (See PDR, 53rd edition, page 1666; Absorption Chart: AMOUNT ABSORBED vs METHOD OF DELIVERY). \*\* Daily Value not established.

**Other ingredients:** In a base of: aloe vera, distilled water, vegetable glycerin, "Ionic" Trace Mineral Complex, Amino Acid Complex, Omega 3, 6, & 9 Essential Fatty Acids Complex, phosphatidylcholine complex, natural flavors, stevia, grapefruit extract.

**Directions:** 6 sprays, once a day, or, for greater benefit, 3 sprays twice a day. Spray to the back and roof of the mouth or inside of cheeks, swish with tongue for 5 to 10 seconds; or as by your health care professional. For additional benefit take a deep diaphragmatic breath after each spray.

**Supplement Facts:** Serving size: 1 ml (approx. 6 sprays). Servings per vial: Approx. 30. Shake well before each use. Keep out of direct sunlight. Store at room temperature.
